

Print File Format & Artwork Guidelines

Resolution:

A minimum 300 DPI print-ready file scaled to the exact required dimensions is mandatory for sharp output.

Color Mode:

Files must be set to CMYK color mode
(RGB files may experience color shifts during printing).

Accepted File Formats: *PDF, JPEG, PSD, or TIFF*

Flattened Files Only:
Please submit flattened, non-editable files
(open source files or unflattened layers requiring adjustments are not accepted under standard printing).
